

Can You Hear The Bells

copyright Trace Taylor 2014

V1

I see your face
Transform my inside
I cleanse my hands
You cleanse my heart and mind
Illuminate
You illuminate my mind
Open up
You open up my eyes to see clear
You hold me so dear

V2

Power
Power of Love
Remove
The dark inside
Power of Light
Remove dark that resides
It evaporates
The sun rises to bring
New life
Like how dawn breaks the night

(Interlude question)

Can you hear the bells?...

(Response)

I hear the bells,
I hear them ring for me
Can you hear them too?
Hear them ring for me and you

Bridge

*My Father, you're all that I need
My entirety
To sense Your pleasure in me,
I want this always*

*You invite us to your wedding,
[The feast] Of the Lamb
Who was slain
For all man*

Coda

*Can you hear the bells?
Can you hear the bells ringing?
Can you hear the bells,
Ringing, ringing?
Oh*

I can hear the bells!
