

v1

So softly You touch against the blue sky  
Sparkling diamonds, like crystal eyes  
Silver shimmers, over our lives  
It's Your love, crystallised.

Suspended, now falling before my very eyes  
Sinks into my soul,  
bringing new life,  
Oh...

Chorus 1

*Metamorphosis into butterflies*  
*Metamorphosis into butterflies*

v2

Peace that passes the mindset of men  
Relaxation found in no other thing  
Total acceptance, total love  
The wonder of knowing I'm a friend of GOD!

**chorus 2**

*I'm safe in Your arms...*  
*In Your arms...*  
*I'm safe In Your arms,*  
*In Your arms*  
*(Oh...)*
